

Indirect height measurement made easy
The incline sensor enables very fast and accurate indirect height measurements. Even obstacles in the measuring area are now no longer a problem.

Easy-to-read display
Depending on the measuring position, the display can be read horizontally or vertically.

	GLM 80 Professional
Part number	0 601 072 370
Comes complete with	Protective case, charger, manufacturer's certificate
Measuring range	0.05–80 m
Measuring accuracy	± 1.5 mm
Incline measurement	± 60° vertical / 360° horizontal
Accuracy of inclinometer	± 0.2°
Number of memory values	20 + 1 constant
Battery	Lithium-ion technology
Battery lifetime, approx. individual measurements	25,000
Dust and splash protection	IP54
Dimensions (L/W/H)	111 x 51 x 30 mm
Weight	0.14 kg

	GLM 80 + R 60 Professional
Part number	0 601 072 371
Comes complete with	Protective case, charger, manufacturer's certificate
Measuring range	0–360° (4 x 90° inclines)
Accuracy of inclinometer	± 0.2°
Audible signals	at 0° and 90°
Dimensions (L/W/H)	610 x 58 x 30 mm

	R 60 Professional
Part number	0 601 079 000
Comes complete with	Protective case

NEW! GLM 80 Professional Laser Rangefinder

The high-tech solution for easy measurement

- ▶ New functionality due to integrated 360° incline sensor
- ▶ Precise and easy to operate due to illuminated display which turns automatically
- ▶ Maximum freedom due to lithium-ion technology – up to 25,000 measurements per charge
- ▶ Can be recharged via standard micro USB port
- ▶ Measurements up to 80 metres

NEW! GLM 80 + R 60 Professional Measuring Rail

The inclinometer that also measures distances

- ▶ Precise digital incline measurement with R 60 Professional Measuring Rail, immediately ready for operation due to automatic detection of the measuring rail
- ▶ New functionality due to 360° incline sensor
- ▶ Up to 25,000 measurements per charge due to lithium-ion technology, can be recharged via standard micro USB port
- ▶ Reliable assistant on any construction site due to robust design

Combining the GLM 80 Professional with the R 60 Professional Measuring Rail transforms it into a digital spirit level, enabling you to measure distances, level and precisely measure inclines all with the same tool.
